# Hi!

Welcome to our lovely town

# Dénia!

Dénia is **small but so cosmopolitan**, just like a big city!

It has **nightlife** (nº94 night club in the world!), **city gastronomy** status, **beautiful beaches** with golden sand, and **mountains** with lakes.

It's a **hidden gem** of a town with **jazz concerts and festivals** all year round.

So why don't you join **Jaime**, who moved here from Madrid because he fell in love with it and has gotten acquainted with half of the town (literally!).  
The guy knows everyone, and everyone knows him. 

By the way... did you know that thanks to our summer schedule, this year you actually get **9 weeks** with us, not 8!

- All of this for **less than 1000 euros**?
- **Claro que sí!** If you hurry up! And, all materials are included!

What a great way to spend your summer: **learn a language** in a boutique academy and experience the city **like a local**.
